## EXHIBITION

JUNE 13–AUGUST 23, 2015

The New York Botanical Garden, Second Triennial Exhibition  
Botanical Illustrations of Remarkable Plants

Brody Botanical Center, Flora-Legium

Saturdays and Sundays only. Open additional hours August 1–9, except Tuesday, August 4.

The eccentric beauty of the plant kingdom is celebrated in a traveling exhibition opening June 13 and continuing through August 23 (open to the public on weekends and each day August 1–9 except Tuesday, August 4) in The Huntington’s Brody Botanical Center. The juried show, curated by the American Society of Botanical Artists (ASBA), includes 47 contemporary works selected from nearly 240 submissions, by ASBA artists from Australia, Canada, India, Japan, the United Kingdom, and the United States. Botanical artists have traditionally depicted conventionally beautiful flora. This exhibition showcases nature’s oddities, plants of charismatic quirkiness that have a bizarre beauty all their own, rendered in a range of media.
